

Departmental Library

In addition to the Central Library, the Department of Civil Engineering has its own library. This library contains important titles and journals related to the respective branch of study. Students and staff are advised to fully utilize these books and journals for further enhancement of their subject knowledge. Books and journals will not be issued to anyone but are available only for reference within the Department Library. The faculty in charge and office executive control the functionality of the Department Library.

Given below is the list of core subject books available in the library:
